

## Android Mobile Device Remote Access Setup

1. Download the Citrix Receiver app. Make sure that you are on the HSC\_Secure wireless network. From the main Citrix Receiver page, click Add Account.
2. Click the 3 dots in the upper right side of the screen and select Manual setup.

3. Enter the following entries, select the settings as shown below and click Add.

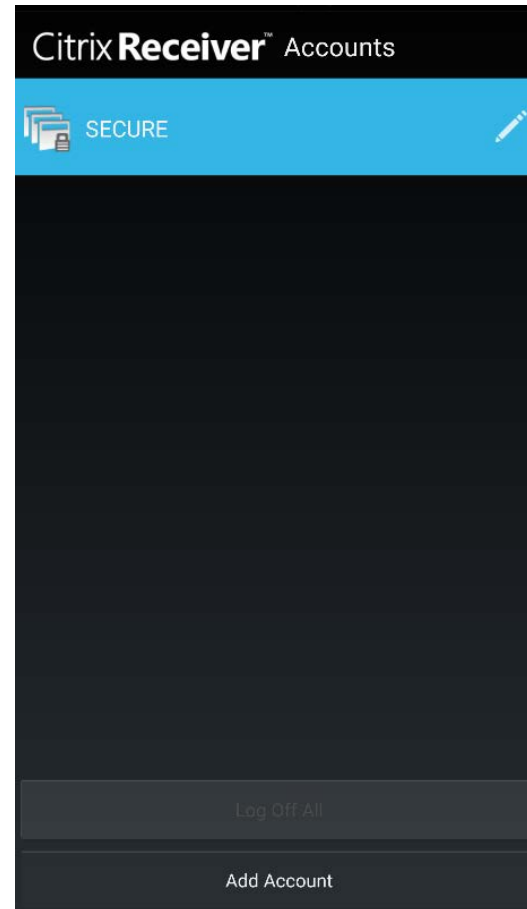

The screenshot shows the 'Citrix Receiver™ Add Account' screen. It features a dark background with white text. The fields are as follows:

Address	https://receiver.health.unm.edu
Type	Access Gateway
Description	SECURE
User Name	YOUR HSC NET ID
Password	Optional
Domain	health
Gateway Type	Enterprise Edition
Authentication Type	Domain Only

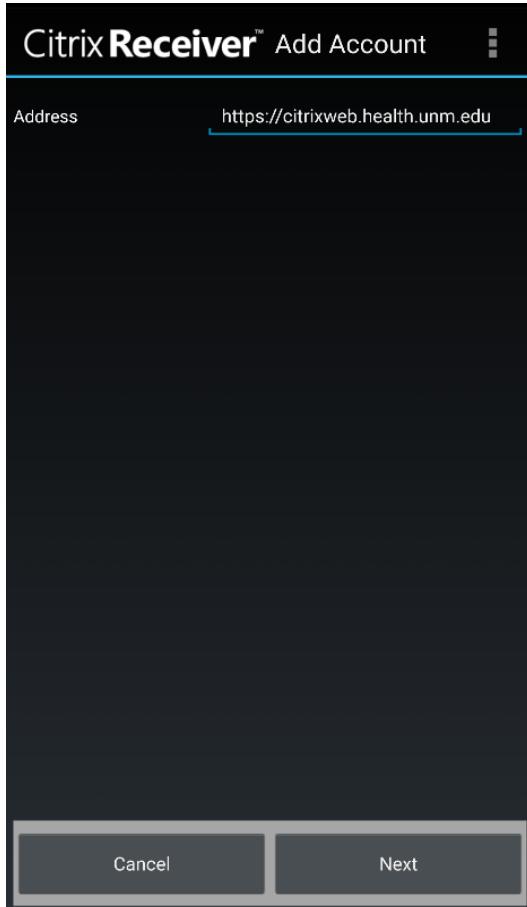

At the bottom, there are two buttons: 'Cancel' and 'Add'.

4. Switch your wireless network to HSC\_Guest. Go the Citrix Receiver App and click Add Account at the bottom of the screen.

The screenshot shows the 'Citrix Receiver™ Accounts' screen. It features a dark background with a blue header bar. The header bar contains the text 'Citrix Receiver™ Accounts' and a 'SECURE' label with a lock icon. At the bottom, there are two buttons: 'Log Off All' and 'Add Account'.

6. Enter the following address and click Next.

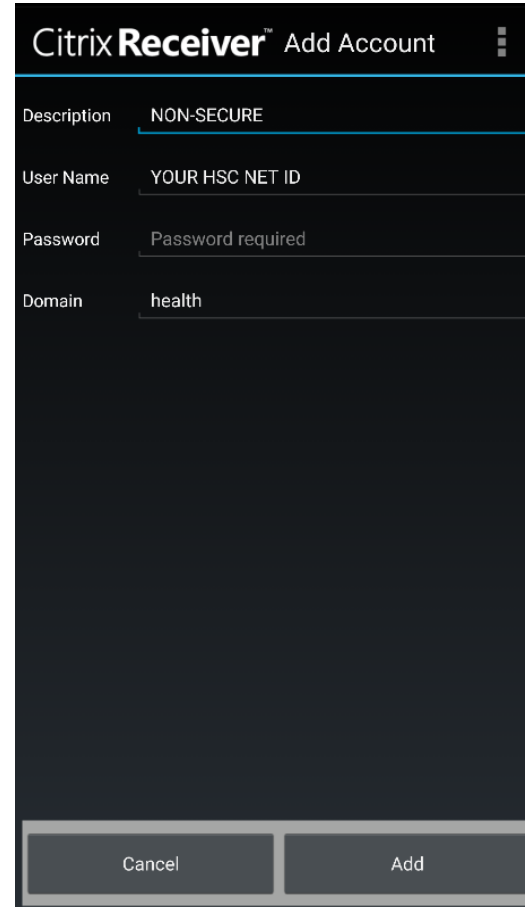

Citrix Receiver™ Add Account

Address https://citrixweb.health.unm.edu

Cancel Next

7. Enter the following entries and click Add.

Citrix Receiver™ Add Account

Description NON-SECURE

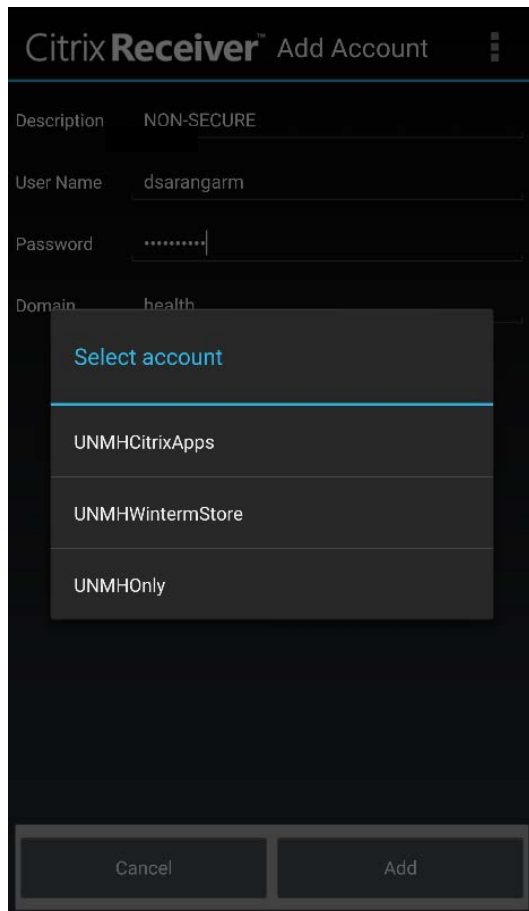

User Name YOUR HSC NET ID

Password Password required

Domain health

Cancel Add

8. Select UNMHCitrixApps.

9. Use the corresponding account, Secure or non-Secure, to the wireless network you are on, Secure or Guest/non-secure wireless, respectively.
