

## Apple Mobile Device Remote Access Setup

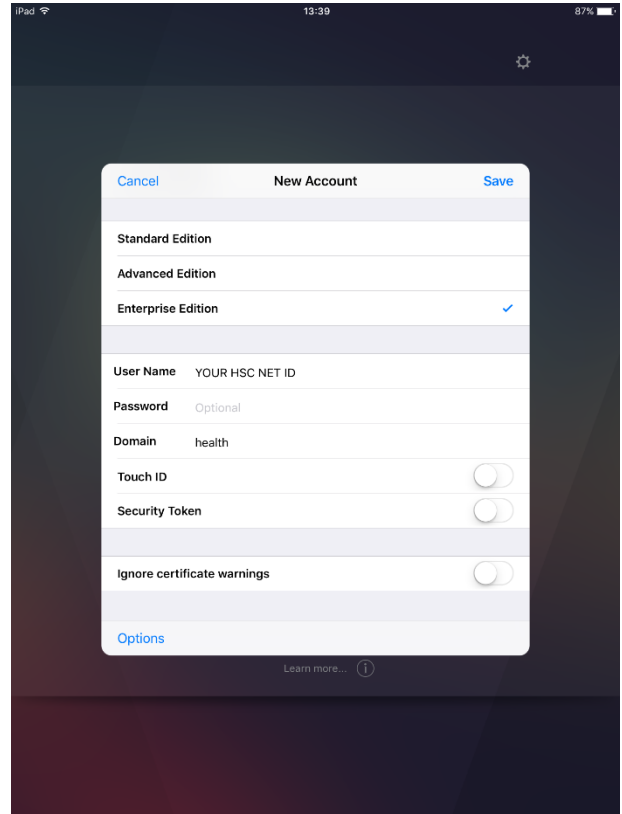

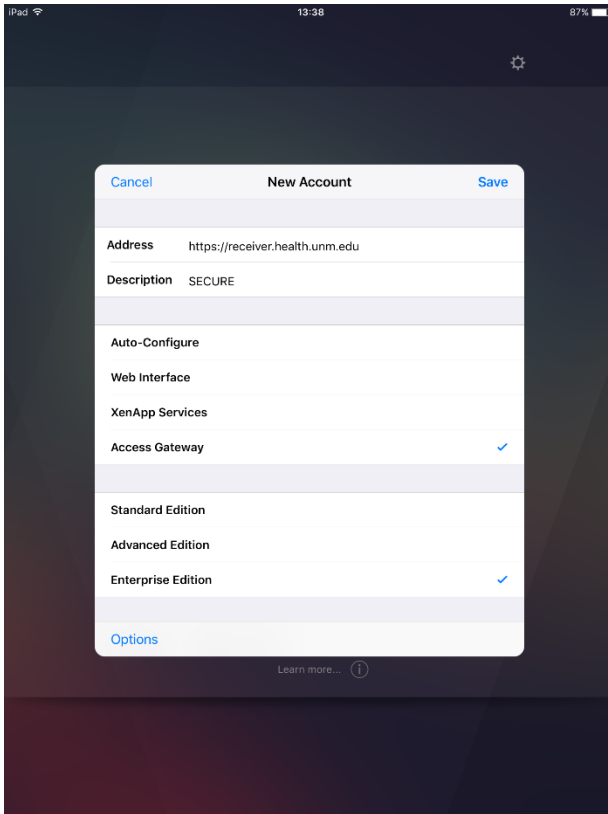

1. Download the Citrix Receiver app. Make sure that you are on the HSC\_Secure wireless network.  
From the main Citrix Receiver page, click Add Account.

2. Select Manual setup in the lower left side of the screen.

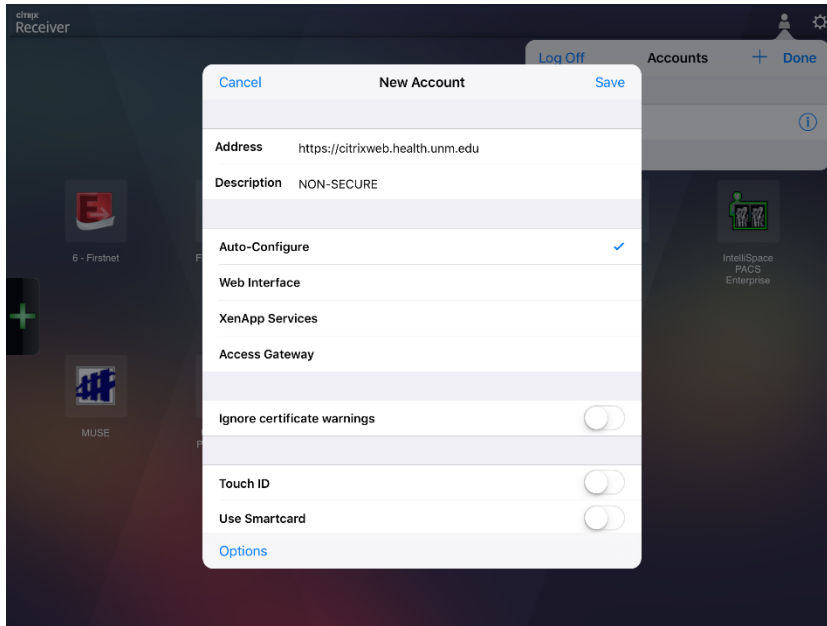

3. Enter the following entries, select the settings as shown below and click Save.

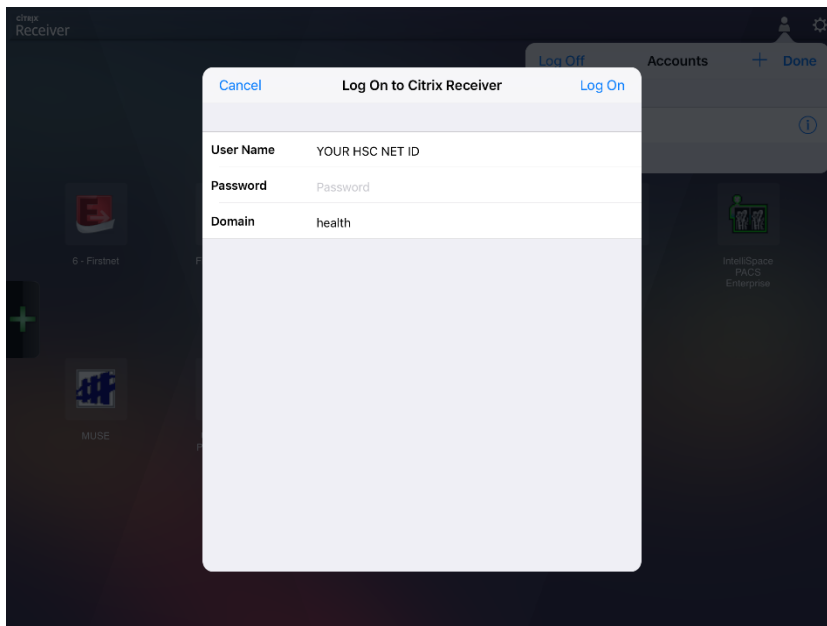

4. Switch your wireless network to HSC\_Guest. Go the Citrix Receiver App and add another account in the upper right hand corner by clicking the plus sign.

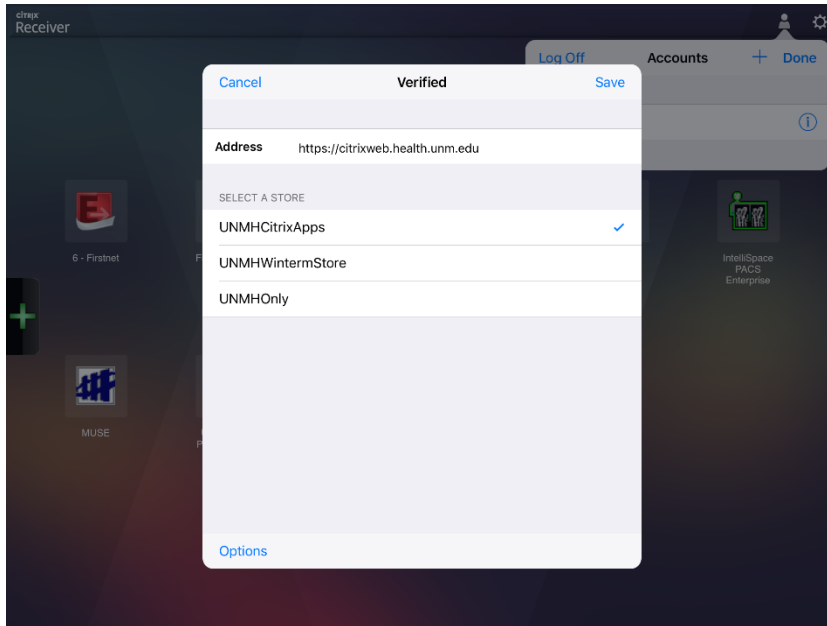

5. Enter the following entries, select the settings as shown below and click Save.

6. Enter the following entries and click Log On.

7. Select UNMHCitrixApps and click Save.

8. Use the corresponding account, Secure or non-Secure, to the wireless network you are on, Secure or Guest/non-secure wireless, respectively.
