SUMMARY

NewMexicoKids Resource and Referral is a FREE statewide service, housed at UNM Continuing Education, that serves to connect families with young children to services in their area. We are CYFD-funded and so are free to families and providers. We maintain the state database of all licensed child care homes and centers, registered homes that wish to be referred, early education programs, and home visiting programs. We also refer families to related services in their communities such as financial/child care assistance, WIC offices, basic needs (shelter, food, etc.), behavioral and physical health agencies, and crisis and reporting agencies.

WHO WE ARE

- CYFD-contracted, under UNM Continuing Ed, Early Childhood Services Center
- We provide free Referral services for families and providers
- 9AM-4PM, Monday – Friday (bilingual referral line)
- 24 hours/day (website) – regularly updated
- Refer families to child care, financial assistance, home visiting programs (prenatal – 5), basic needs, etc.
- We maintain a database of over 3000 service providers statewide

BENEFITS OF HOME VISITING

The first years are the most important for a baby's development. Get the support you and your baby need from a home visitor who can:

- help you to better understand your baby's needs and development as they grow
- offer support and listen to you and what you have to say
- help you understand the baby blues
- answer questions about your baby
- connect you with resources in your community
