*\*The supply fee now includes a trailer as needed (and when available).*

The UNM EMS Academy strives to keep course fees as low as possible. We will remain focused on making courses accessible, and assisting neighboring communities in coordination to encourage course enrollment and successful student outcomes.

We suggest you submit your course request 60 days in advance of course start date, as a best practice. Beginning March 1, 2017 course requests received less than 45 days in advance of start-date are subject to a \$500.00 expediting fee along with the regular approval process.

Respectfully,

Lindsay Eakes, MBA, NRP  
Assistant Director, EMS Academy  
Director, Paramedic Programs  
Department of Emergency Medicine
